This aluminum profile is specifically designed for illuminating large format doubelsided textile printing. With a smart design with multi-channel this profile is suitable for both standing and hanging. Combined with our High PowerLED modules perfect double light wall arises.

- Suitable for textile printing silicone strip
- Suitable for High PowerLED module
- Stabilizers for optimum reinforcement

- Various accessories for standing or hanging
- Disassembled transport possible
- Any size possible

**FK-0230**
Each frame is delivered with 4 locksets D200.

FK-0530
If the length of the frame is longer than 4 meters, an extension set (FK- 0530) is included.

These extension sets can be placed in the channels where the frame is cut in half.

FK-0220
When connecting the stabilizer, first place the lockset in the channel.

Then put the stabilizer (NF- 04438) on the lockset, now tighten the screw with the delivered allen key.
